Thanks Paul. Any idea how long it will take DWR to do this JD (not functional assessment) work?

Enjoy your time off!

Hi: at Karen's request, I have drafted a letter for DWR that will be our concurrence on the JD and condition assessment approaches.

Feel free to modify the letter to your heart's content.

I left a message for Jean asking her to whom this letter needs to be addressed, but I haven't heard back yet. I will be out tomorrow through Aug 8th.

Erin, I trust this letter is something you can work with without too much fussing.

Thanks for carrying the torch while I am away.

Paul
